**DIRECTOR GENERAL McADOO NAMES NEW RATES EFFECTIVE AT ONCE.**

(By the Associated Press)  
WASHINGTON, Nov. 20.—A general increase in express rates, effective immediately, was announced today by Director General McAdoo of the railroad administration. East of the Mississippi and north of the Ohio and Potomac the new rates will be about sixteen per cent above existing rates. For the remainder of the country merchandise rates will be increased about fourteen to twenty-five per cent on foodstuffs.

## STATE A. H. T. A. MEETS HERE TOMORROW

A meeting of the directors of the Chamber of Commerce and local lodge of the Anti-Horse Thief Association was held Tuesday evening to arrange for the entertainment of the state convention of the Anti-Horse Thief Association. Although the time is very short, arrangements were decided on and committees appointed to carry out the plans. The meetings will be held, probably, at the court house and will begin sometime tomorrow (Thursday).

This organization is one of the most effective in the state in the promotion of the cause of law and order and the meeting is of unusual importance. George Foster, editor of the Wagoner Record, is president, W. H. Harris of Checotah, secretary, and Campbell Russell, Corporation Commissioner, member of the executive committee. Often as many as 400 delegates attend these state meetings.

## REVOLUTION BLOWS OVER

**QUEEN OF HOLLAND WILL RETAIN HER THRONE FOR THE PRESENT AT LEAST.**

(By the Associated Press)  
LONDON, Nov. 20.—The latest diplomatic reports from Holland indicate that the threatened revolution there has blown over. Reports, unconfirmed, state the Hague garrison supported Pieter J. Toelstrass' demand that the queen abdicate. Queen Wilhelmina decided to abdicate but the garrison laid down its arms in the presence of loyal troops from the provinces.

## ADA AT HER BEST

Before the war Ada had made for herself a most enviable reputation not only throughout the state but throughout the whole southwest as being a town that was in the habit of going after the things most worth while in every community line and getting them. Nothing was out of her reach if it was worth having and the location of great industrial plants at Ada and the visitations of the most noted statesmen, social leaders, artists and educators are manifestations of this spirit on the part of Ada's citizenship.

In war work Ada was just as truly enthusiastic and discriminating. She undertook the largest things and put them over with a characteristic determination. The Ada Red Cross chapter, the County Council of Defense, the various Liberty Loan drives, and other war enterprises and then, when the plague struck, her magnificent response to the emergency in the establishment of the Red Cross hospital are all manifestations of the same pre-war spirit that had placed her conspicuously on the map not only of Oklahoma but of the United States of America.

Of course, the present eminence of the town will not only be maintained for the future but the prophecy of a far greater fame is not out of the limits of reason. Ada will not stop. New enterprises, greater opportunities for the cultivation of the best elements of community interest, and greater scope for individual advancement will be the program for her after the war endeavors. Ada does not ask what its costs, but rather if it is worth while.

In a musical way Ada is going to enter upon this new era by introducing under the auspices of the Ada High school supported by the leading musical organizations of the town, a program including two of America's most famous musical artists, Arthur Middleton and Lucy Gates and some of the most pretentious home-talent efforts yet undertaken. It will be worth while and every citizen of the town can afford to support it to the limit.

**Which is Better—Try an Experiment or Profit By an Ada Citizen's Experience.**

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Ada case:

Chas. Burns, Prop. Majestic Theatre, says: "On one or two occasions, I have used Doan's Kidney Pills and with very good results. Doan's drove the pains from my back and regulated my kidneys. I generally keep Doan's in the house and always get good relief when I use them."

## RENEWED HOPE FOR RUSSIA

**OVERTHROW OF UKRAINE BOL-SHEVIKI EXPECTED TO SIMPLIFY MATTERS.**

(By the Associated Press)  
WASHINGTON, Nov. 20.—The reported overthrow of the Ukrainian government by General Denikine and Bolshevik troops will greatly simplify the work of allied forces in Russia, officials said today. It has been believed for some time that General Alexieff, former Russian commander in chief, had a large Cossack force operating in Astrakhan and today's news appears to confirm this, as General Denikine is a member of General Alexieff's army. Denikine is known as an able officer and has the confidence of government officials in allied countries.

## CENTER.

(Items for two weeks.)  
Mrs. Myrtle Bowen is here visiting her mother, Mrs. Evans. Mrs. Bowen has just returned from the camps. She was there visiting her husband. While there she had a light attack of influenza. She leaves Saturday evening to take up her school again at Gaily.

J. W. Eddings, who lived three miles west of Center has moved his house over on the Ada and Stratford road. He is much better satisfied over there.

Miss Grace Eddings will leave Sunday to take up school at Clarett.

Miss Zella Hoffner, principal of Center school, sent in her resignation this morning. She says she intends staying in school at Ada this year.

Mrs. J. E. Sloan is not very well this week.

Mrs. Arthur Austell is visiting at the home of Mr. and Mrs. R. H. Austelle of this place.

There was no mail at Center Thursday, on the account of muddy roads. The mail car couldn't come.

Miss Myrtle Sutherland was in school at Ada this week but will take up her school in Center Monday morning.

Comodore Sutherland spent the week in Coalgate. He returned Sunday afternoon.

Leona Copeland, Miss Rader and Mrs. Harris all of Oklahoma City visited Mr. and Mrs. J. J. Copeland of this place this week. They left for home Sunday evening.

Miss Pauline Morris, Clarence Chadwick and Tom Thomas, all of Ada were guests of Myrtle Sutherland Sunday afternoon.

Rev. Nix preached Sunday morning. A good crowd of people were present.

The amount of money raised by the Victory Girls this week was \$41. The amount raised by the Victory Boys \$68, making a total of \$109. There are 16 Victory Girls and 13 Victory Boys.

## SONG BY ADA MAN MAKES BIG HIT

When news of the signing of the armistice came, Rev. M. A. Cassidy of Ada, who is at New York preparing to go across to take up Y. M. C. A. work among the boys abroad, wrote the following song, which at once made a big hit with everybody and it is being sung at every turn these days. Mr. Cassidy says he likes his work fine and expects to be in New York another week.

**Y. HUT SONG.**

Music: Battle Hymn of the Republic. The Armies of America have crossed the deep blue sea. They have conquered German aeroplanes and the pirates of the sea. They have joined the British forces, with France and Italy. And Belgium has been set free.

The Allies have whipped the Kaiser. The Allies have whipped the Kaiser. The Allies have whipped the Kaiser. And the Boys are coming home.

And now the false philosophy that human might makes right Has been driven from all Europe, with the torch of freedom's light. The millions now in Russia, who are groping in the night Will join in freedom's song.

The Allies have whipped the Kaiser. The Allies have whipped the Kaiser. The Allies have whipped the Kaiser. And the Boys are coming home.

They're coming home to see their sweethearts. They're coming home to see their sweethearts. They're coming home to see their sweethearts. The girl they left behind.

Oh, won't that be a happy meeting. Oh, won't that be a happy meeting. Oh, won't that be a happy meeting. When the boys have all come home.

## PONTOTOC CO. OVER THE TOP

**COUNTY AGAIN MAKES GOOD IN DRIVE FOR WAR WORKERS' FUND.**

Pontotoc county is over the top again in war work. The United War Work campaign will close tonight, and the workers have reported approximately \$20,000 in money collected. This is \$2000 in excess of the minimum quota of \$18,000. The managers of the campaign in the United States asked for a subscription of fifty percent in excess of the \$170,000,000.

The campaign has been conducted in the face of many obstacles. The influenza epidemic has cost most people their ready change. Then, too, the signing of the armistice has caused many people to think that the war is over, and no other money will be needed. In spite of these impediments, the citizens of this county have rallied and gone over the top as in the past.

Ed Gwin, manager of the drive, is delighted with the results. "I want to thank those who have assisted in the work," Mr. Gwin said this morning. "I cannot give too much praise to them."

The News does not pretend to know much of the ins and outs of the cotton market, but it seems queer that on the advent of peace the price took such a tumble. On the surface it looked as if the reverse should have been the case. The close of the war left the greater part of Europe in rags and the people must have some means of covering their bodies. In the next place more shipping can now be used for carrying cotton and with the submarine menace removed there is nothing to hinder a much heavier line of exports.

During the strenuous days of the war Americans learned more of economy and of getting the most out of a dollar than they ever knew. The question is whether they will apply this lesson now that peace has come, or

## PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel, there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

return to the old ways of extravagance. True economy does not mean miserliness, but in putting a dollar or quarter or even a dime where it will do most good and produce something. Denying one's self the necessities of life is not economy, as it reduces the power to work to best advantage, but to forego needless things and invest the money thus saved in something that yields returns is where thrift begins. Americans wasted millions before the war and if they have learned the lesson of thrift to an extent that some of these millions will be saved and laid up against the inevitable rainy day, one compensation at least, for the sacrifices of the war will be evident.

## ADA'S FUTURE IN CITIZENS' HANDS

CHAMBER OF COMMERCE MASS MEETING TONIGHT TO PLAN NEW CAMPAIGN

Ada is face to face with the greatest opportunity in its history. It is up to the citizens, as we see the situation now, whether they want a city of 50,000 inhabitants in a few years or want to live in a city of 10,000 or 12,000 people. Thousands of laborers, soldiers, mechanics and excellent farmers will soon be looking for locations. Ada has the opportunity to offer them all they desire. To do this we must have the united backing of the citizens.

An entirely new campaign is to be planned for the Chamber of Commerce tonight at the court house. The meetings have been called for 7:30 o'clock to talk over the situation. No collections will be taken; that is certain. What we want and what you want is to know what to do, how to do it, and then we shall plan the campaign.

We want to urge upon every man in Ada who has the interest of the city at heart to be present.

## What Part Does Music Play in Your Life?

You enjoy it of course. But how much? Can you get along without it? For your sake we hope not.

After all, you get out of life only what you put into it. To be truly happy you must develop the tastes and interests which bring happiness. And music is one of the chief of these.

Make music mean more to you than mere entertainment. Make it a real and lasting resource. Make it enrich your life.

Of all musical instruments none can offer you such range and variety as

## The NEW EDISON

"The Phonograph with a Soul"

No other instrument RE-CREATES right in your own home the voice of a great singer with such fidelity that anyone standing outside the door would swear that the artist himself was your guest.

No other instrument RE-CREATES an artist's voice or instrument so perfectly that when the living artist sings or plays in direct comparison with it no listener can say when it is the artist he hears and when the New Edison.

The New Edison does exactly this as has been proved, not once, but more than 1500 times by the famous Edison tone tests. More than 2,000,000 music lovers have attended these tests. Not one could distinguish artist from instrument.

Let music be a real factor in your life. Put in to life a taste for music: get out of life the joy this brings.

## The New Engine

We have received our new Engine, ordered last January, and for several weeks will be tearing out the old and putting in the new. While doing this work we will have only one engine to depend on for service, so there will probably be some interruptions. We trust they will be few and of short duration and that our customers will bear with us patiently. For two or three Sundays, beginning with the 10th, the plant will be shut down from two to six hours while making changes in steam lines necessary to make connections for the new engine.

**A fact:**

Sales reports show that throughout the U. S. Navy—on battleships, cruisers, destroyers and all other types of naval vessels—over 80% of all the cigarettes sold in Officers' Mess are Fatimas. Among the men too, of course, Fatimas are a big favorite.

This is the only cigarette the Navy is allowed to smoke. It is not only the pleasantest, but it is also the fact that Fatimas never "tuck back," even if you smoke them rapidly.

## HOOVER MAKES STRONG APPEAL TO OKLAHOMA

OKLAHOMA CITY, Nov. 20.—(Special)—The federal government is making a strong appeal to the people of Oklahoma not to let the approach of peace lessen the intensity of their war work efforts and especially to realize that for many months there will be need for increased production and continued conservation of food. Chester H. Westfall, of the Oklahoma State Council of Defense, has received a telegram from the National Council which says:

**Starvation Threatens.**

"Hoover is leaving for Europe to make a world food survey. By reason of recent developments in the

war situation, the food responsibility of America is greater than ever. Food must be supplied to all allies, neutrals and the population of the central empires to prevent starvation and resulting anarchy.

"To meet this even greater need of conservation in American households the federal food administration is planning a new 'Conservation Drive.' Conservation Week for world food relief will be celebrated Dec. 1 to Dec. 7 inclusive."

The shortage of men, where every able-bodied man has gone to the army, the sweep of armies, internal disorders and transportation difficulties have destroyed or greatly reduced harvests in allied and enemy countries for more than four long years. Lack of ships still makes it impossible to transport the harvests of Argentina and Australia. It is more than a world crisis, it is a world famine, which must be faced unless America does its part.

## PERMANENT RECORD OF STATE'S SOLDIERS

OKLAHOMA CITY, Nov. 20.—(Special)—The Oklahoma State Council of Defense, as a permanent record of the war, is obtaining authentic and complete information concerning each man from this state who has lost his life in the war. Blanks, which can be filled out so as to give the desired information, are being sent to every county council in the state. The county councils will attend to the distribution and filling out of these blanks and return them to the state council. One set of records will be filed with the Oklahoma State Historical Society, another list at Washington and a third list in the home county. In addition a certificate from the governor and Oklahoma State Council of Defense will be sent to the next of kin of every man who has been killed or died in service.

The information blanks sent out contain the name of the soldier, his age, home address, date of entry into service, branch of service, how he lost his life, exact date and place of death, military records, including special military honors, occupation in civil life, next of kin and other pertinent information.

Prayer Service at First Presbyterian Church.

The subject for meditation at this church tonight will be "Some Things which cannot be Shaken." Members of the congregation as well as of the church will find it profitable to spend forty-five minutes this evening in prayerful consideration of these things. In the face of changing events in the world and the uncertainties of life, come to learn of the

things worth while and which are unchanging and unchangeable. The service begins promptly at 7:30.—George Wesley Beck, Minister.

## DEMobilIZATION BEGINS AT CAMP McCLELLAN, ALA.

ANNISTON, Ala., Nov. 20.—Orders were received today to release from military service 7,500 men of the 157th depot brigade and development battalion at Camp McClellan. The men will be mustered out at the rate of 500 a day, beginning tomorrow. Orders also were received to reduce the labor battalion at the camp to 1,000 men.

**Episcopal Church Notice.**

Remember the choir rehearsal and congregational singing at the Episcopal church tonight at 7:30 o'clock. Come, and help improve the music. Be on time.—Franklin Davis, Rector.

## RESTRICTIONS REMOVED ON CEMENT

In view of the increased supply of bituminous coal now available, U. S. Fuel Administrator H. A. Garfield has issued an order modifying the fuel restrictions put upon the manufacture of different clay products by an order issued April 13, and also the restrictions on the consumption of fuel in the manufacture of cement, by an order dated August 8. This is the information given out today by State Fuel Administrator, P. A. Norris. It means that the cement plants, brick plants and tile plants, which have been closed from three weeks to four months may resume operations.

The order issued reduces the per-

percentages of curtailment as defined in the orders of April 13 and August 8, one-half of the normal requirements. For example, the industry that was restricted to 50 per cent of normal requirements during the years 1918, 1919 and 1920, plants that were restricted to 50 per cent are now allowed to burn 75 per cent of their normal requirements, and in the case of stoneware manufacturers who were restricted to 25 per cent they may now burn 50 per cent of normal requirements.

The partial withdrawal of the restriction is in line with the policy of the War Industries Board and the restrictions still in force are maintained in accordance therewith.

The percentages of curtailment which are continued in force are as follows:

## HUMOR AND TRAGEDY REVEALED IN LETTERS

Extracts from letters written to the War Risk in regard to allotments:

I ain't got no book learning and I hope I am writing for inflation. She is starving in a dissipated house.

Just a line to let you know I am a widow and four children.

Previous to his departure we were married to a Justice of the Peace. He was inducted into the surface. I have a four months baby and he is my only support.

A lone woman and parsely dependent.

I was discharged from the army for a goat which I was sent home on.

I did not know my husband had a middle name and if he did I don't think it was "none."

Owing to my condition which I haven't walked in three months for a broken leg which is No. 75.

Your relationship to him: Answer: I am still his beloved wife.

Kind sir or She.

I enclose lovingly yours.

I am left with a child seven months old and she is a baby and can't work.

I received \$61 and I am certainly provoked to night.

I received my insurance Polish and have since move dry Post Office.

Your relationship to him: Answer: Just a mere aunt and a few cousins.

And he was my best supporter. You ask for my allotment number—I have four boys and two girls.

I'm writing in the Y. M. C. A. with a piano playing in my uniform.

Please return my marriage certificate—baby hasn't eaten any in three days.

Now Mrs. Wilson I need help bad, see of the President can't help me. I need him to see after me.

Please send me a wife's form.

Dear Mr. Wilson, I have already written Mr. Headquarters and received no reply, and if I don't get one from you I am going to write to Uncle Sam himself.

I am a poor widow, and all I have is in the front.

If I don't receive my husband's pay I will be forced to go into the streets and lead an immortal life.

I am writing to ask why I never received my allotment.

His money was kept from him for the allotment which he never received.

You have taken my man away to fight and he was the best thing I ever had.

Now you will have to keep me or who in Hell will?

## KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieve me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui.

By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

Artillery, First Australian Division. Of those men 20,000 went into action and now but 500 are alive, all the survivors being crippled beyond ability to return to the front. One of the decorations Sergeant-Major Carnie wears is a special medal for a feat of valor at the landing in Gallipoli, where as the leader of 170 volunteers from the Australian ranks, he had the honor of dragging to the heights the first heavy gun planted on Turkish soil. When the little party had gained its objective only 20 remained alive, so deadly was the concentrated Turkish fire.

History records no counterpart of this wonderful exploit of the British army in making this landing at Gallipoli. It takes its place alongside the famous charge of the Light Brigade. Ada welcomes the privilege of honoring one of the surviving heroes.

Not only will Sergeant-Major Carnie give us first hand facts as to the war and the conditions under which much of the fighting had to be done, but he will give us needed information as to what world peace and world reorganization will mean to us, as well as to the central European countries.

Without these facts we can not understand to the full the tremendous changes just ahead, so plan right now to be present at the Liberty theatre tonight.

## Sergt. Major Robt. Carnie

Veteran of the Boer War and of the Recent World Tragedy

Will deliver a lecture at the Liberty Theatre

For four years Sergeant Major Robert Carnie stood in the line of battle and opposed the forces of Barbarism when it was expected any day that world-civilization would be dealt the finishing blow.

Sergeant Major Carnie is an Australian and served with his countrymen in the terrible days and months of the Gallipoli campaign, in the artillery. His guns were the first to go into action and did great execution in the enemy ranks. A well-placed Turkish shell killed many of his men and fractured his right arm, but he stayed with his guns.

After the Gallipoli campaign he was transferred to France and served with rare distinction until a serious wound retired him against his will and—

**S. A. T. C. NOTES.**  
Another football game will be played Saturday, November 23d, between the Ada team and that of Edmond, at Edmond. The local men are playing classy ball considering the handicaps they have labored under during the practice season. This will be the third game to be played.

The first was at Tulsa with Henry Kendall and resulted in a victory for Kendall, the score being 3-0. The second game was played at Ada November 9th, the S. A. T. C. of Alva being the opposing team, and the result being a tie, nobody scoring.

The game the coming Saturday is expected to be full of excitement. We are glad to note that Roy Stegall, all-state center, will be in the game, and that Sergeant Otto Shaw, full back, will also be in his place.

The soldiers greatly enjoyed the chautauqua number in the normal auditorium on the night of November 11th. It was given by the Olsen Trio and especially delightful were the numbers given by the reader. If the numbers following this first attraction come up to it in quality Prof. Molloy and the lyceum committee are to be praised for their success in employing talent for the normal chautauqua.

Major A. J. Strack, who is stationed at Austin, Texas, visited the local unit November 19th. He was well pleased with the progress made by the East Central men.

No men are sick now, the full 100 being in barracks.

The entire company were marched to the Faust hospital on the night of November 12 and given a double vaccination, one for typhoid, the other for smallpox. To say that there were some sick men in camp the day following would be putting it mildly and many arms are not yet entirely recovered.

Private Carlos Brents went to Oklahoma City the last of the week for special treatment.

Prof. Rolla G. Sears has announced that he will go to Europe next summer with a party of some twenty tourists. Those who want to make the trip will do well to see him now.

The ambition was almost knocked out of the men when word came from Washington that the peace armistice had been signed. There were several in our company who felt they were soon to become Brigadier-Generals, and none but hoped to receive some important commission, and for the war to end so suddenly, and so quickly, was a disappointment.

But we are quickly readjusting ourselves to the academic program and all are delighted to get the opportunity of gaining an education at the expense of our rich uncle.

The men are greatly enjoying the

practice of throwing hand grenades.

The cement company of Ada have made up about 50 cement grenades.

There is much talent among the members of the S. A. T. C. and the suggestion in another column of the East Central that dramatic and debating clubs be organized at the normal will find a ready response here.

The S. A. T. C. of East Central has arrived at a high state of efficiency in military work. Even in giving commands we are proficient and even if we never become soldiers in the regular army the experience and knowledge gained will be very valuable throughout our lives.

Mr. and Mrs. J. H. Wood, who prepare mess for the men, are hotel keepers of long experience and do everything possible to give perfect service.

Since the war ended interest in the war aims classes of Profs. Sears and Wilson not only has not lessened but has greatly increased. To be able to follow the events of the coming peace conference with a thorough knowledge of the peoples discussed and of the geographical location of their homes will be worth much to the men in these classes.

Notice has arrived that a five day leave will be granted each man Christmas, half of them going Dec-

ember 21st and the other half Dec-

ember 24th.

We applaud the Y. W. C. A. for their activity in giving invitations to the men to visit Ada homes on Sundays when they are required to remain in the city. Also, don't forget Thanksgiving Day.

At last the long looked for suits for the soldiers have arrived. At least a part of the uniform has come, enough to make us look like soldiers. They arrived last Saturday and were immediately issued.

## OSTEOPATHY AND THE "FLU"

During the epidemic of Influenza, I treated forty-nine cases, of which, seven had pneumonia. There were no deaths, and all are out of danger. Also there were many who had developed first symptoms, and took treatment at my office, and in every case where they kept up regular treatment, they escaped without contracting the disease, and at the same time were among their patients during the epidemic there have been no deaths. Not one in either of our families contracted the disease. So, like other diseases, it is a matter of choice, if you have it, or take Osteopathic treatment in time, and prevent it. There is no good reason for being sick; if one can treat the sickness, take Osteopathic treatment, and do not wait until you are bed-fast. You can feel your sickness coming on long before you get sick enough to go to bed, and this is the time to get busy, if you want to abort a spell of sickness.

I find many who have partially recovered, and have their chronic ailments made worse, or have after-effects; they do not feel right since having the "flu." You can have that tired feeling removed, and the soreness treated out; many are doing so, and others would if they realized they could get relief. Try Osteopathy, and you will always be glad you did.
